

SIMPLY BREATHE IT.

A Few Minutes' Use of Hyomei Four Times a Day Cures Catarrh.

The pleasantest, most convenient and the only scientific method for the treatment and cure of catarrh is Hyomei. Simply put twenty drops of Hyomei in the inhaler that comes with every package and then breathe it for a few minutes four times a day.

It seems remarkable that so simple a way of treating catarrh will effect a cure, but the most important discoveries of science have always been the simplest. By breathing Hyomei in this way every particle of air that enters the air passages of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs and bacilli of catarrh and soothes and allays all irritation.

The first day's use of Hyomei will show a decided improvement and in a short time there will be no further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hyomei. A complete outfit costs \$1.00, and if after using you can say that it has not helped you the Red Cross Pharmacy will return your money. What other treatment for catarrh is sold under a guarantee like this? None other has sufficient merit.

Stuck Postage Stamps.

To separate postage stamps that have become stuck together, dip them in water for a few seconds, shake off the water and heat them with a match as much as possible without burning. The heat expands the water between the stamps, and they are easily pulled apart.

Mineral Wool.

Mineral wool, which is used for packing around boilers, furnaces and pipes to retain heat, to deaden walls and to keep out cold, is made from furnace slag by blowing air through it while molten.

Result of Battle in Macedonia.

Vienna, May 1.—The Neue Freie Presse says the fighting reported from Sofia, Bulgaria, between Turkish troops and a large band of insurgents on the right bank of the river Struma, in the district of Dzumaja, or Dzumaja, near the frontier of Bulgaria, in Macedonia, occurred last Tuesday. The insurgents lost eighty-three men killed, and the Turks had thirteen killed or wounded.

Many Desertions in the Navy.

Vallejo, Cal., May 1.—There has been an epidemic of desertions from the navy on this coast for some months past, but this month's report beats the record. It is said that 150 men have failed to return to the receiving ship Independence since the last pay day. When the enlisted men are questioned for excuse, all claim that it is because of the poor and scanty fare.

Bolled to Death in Lye.

Ogdensburg, N. Y., May 1.—It has just been learned that a male patient at the St. Lawrence State hospital met a horrible death early in the week by being parboiled in a vat of boiling lye. He had a hallucination that the devil was chasing him, and he either plunged or fell into the vat. His clothes dropped off when he was removed from the vat. He came from Altoona.

Another Sentence on Dimmick.

San Francisco, May 1.—Waiter N. Dimmick, the former employee of the local branch of the United States mint who was recently convicted of stealing \$30,000 from the vault of the government building, has been sentenced to five years' imprisonment at hard labor in addition to his former sentence of four years.

Liquid Glass.

Four naphtha upon shellac until of a creamy consistence and keep it closely corked. This glue will unite iron, wood, glass, etc. It is waterproof and dries quickly.

REXALL

Rexall Dyspepsia Tablets form the foundation in the Bridge of Health. Health is just across the river for thousands—thousands whose stomachs are sick, and which grow worse instead of better. Their stomachs need a rest, until nature's forces can recuperate. Ninety per cent of the diseases of mankind originate from a disordered stomach, and not to keep the stomach in healthy condition is to court serious disease. The Rexall Dyspepsia Tablets are guaranteed to relieve immediately and cure permanently all the most distressing and painful forms of Dyspepsia and Indigestion. This guarantee is printed on every box, and money will be refunded to all who are not satisfied.

Rexall Dyspepsia Tablets are Warranted to Cure all forms of Indigestion and Dyspepsia

Money will be refunded, exactly as printed on package, in case of dissatisfaction. Price, 25 cents, at our store or by mail.

SNATCHED HIM FROM GRAVE

Miraculous Cure of a Prominent Business Man by Blood Wine, America's Great Medicine.

MR. GILBERT HARRIS.

"One of the strongest and most convincing testimonials to the efficacy of 'Blood Wine' was furnished by Gilbert Harris of Essex Junction, Vt., a well-known business man of undoubted integrity. Hearing that Mr. Harris was telling his friends about the wonderful good 'Blood Wine' had done him, a reporter for the Daily News of Burlington visited his fine home in Essex Junction for an interview.

"Mr. Harris upon being told the object of his visit at once grew enthusiastic in praise of 'Blood Wine.' 'Why, it saved my life,' he remarked. 'I have no doubt of it, and you would not, had you seen me a year ago.' But let me tell you my experience; that will be the most convincing argument I know of."

"I will be 63 years old in March," began Mr. Harris, "and up to three years ago was a remarkably healthy man, being seldom if ever sick. About that time I had a severe attack of congestion of the liver, which left my health shattered. I could eat very little and gradually wasted away to a mere shadow of my former self. My normal weight before I was ill was 190 lbs., and I lost flesh so that I barely tipped the scales to 154 lbs. I was so weak that I could not walk to the post-office, a short distance, without being greatly exhausted. Well, I tried physician and physician, and also medicine after medicine, some of them making me worse, and many of them giving me no relief whatever. One day I saw an advertisement in a newspaper of 'Blood Wine.' As a last resort I went slowly down to the corner drug store and purchased a bottle; at that time my stomach was in a fearful condition. I could eat nothing without the most distressing nausea and life was actually a burden. Ten minutes after I took the first dose of 'Blood Wine' I felt better and from that day to this, I have been continuing to improve. I now weigh 185 lbs.; can eat heartily and enjoy every mouthful of it and can work like a horse."

Was Gradually Growing Weaker—Blood Wine Checked Her Decline in Time.

"Owing to the great benefits which I have derived from the use of your Blood Wine, I feel it my duty to make a statement concerning it, which you are at liberty to use as you see fit. I have been sick for about nine years and was gradually growing weaker when my attention was called to your remedy. Without much faith in its efficacy I made a trial of it, as I had previously done with other remedies. My trouble was general debility, loss of strength and wasting of body. About eighteen months ago I purchased my first bottle of your Blood Wine and took it steadily thereafter. After taking three bottles I began to improve, and that improvement has continued down to the present day. During this time I have gained twenty-five (25) pounds in weight, and the good health which I formerly enjoyed has entirely been restored. I have hesitated somewhat about subscribing my name to a testimonial which might be used for advertising purposes, but my sense of duty to other sufferers placed as I was has overcome all scruples in that direction, and you have my permission to use this testimonial in any way that is likely to benefit the public."

MRS. HENRY BRILLON, No. Grosvenordale, Conn.

Cured in Sixteen Days—Was Going Into Consumption.

Mr. Frank Wooley, 70 Central Avenue, Albany, N. Y., writes: "About December 15 last a severe cold fastened itself on my lungs, and as my family history from a physical viewpoint is bad, my mother, brother and sister having died at a comparatively early age from phthisis, I became greatly alarmed, more especially as the pains in my right lung were intense, mainly at night. On or about December 23 a newspaper friend enthusiastically recommended Blood Wine, and acting upon his advice I procured a bottle of Blood Wine. The first bottle absolutely stopped the hacking cough that accompanied my cold, and before the second bottle was consumed my lungs ceased to pain me, and today, but sixteen (16) days from the date that the cold first showed itself, I am entirely free of every feature of the ailment that at the outset threatened to throw me into consumption."

Physicians Failed to Help Him—But Blood Wine Made Him a Well Man.

Officer H. A. Metcalf, who has been a policeman on the Hamilton, Ohio, police force for the past ten years, and who is probably as well known as any man in Hamilton, is one of the earnest advocates of Blood Wine. He says: "I first experienced a serious loss of appetite. Nothing that I ate appeared to agree with me, and I began losing flesh rapidly. This was followed by an attack of stomach trouble which grew worse and worse until I began to despair of securing relief. I consulted several physicians and took a number of medicines, none of which did me a particle of good. A friend advised me to try Blood Wine, and I followed that advice. The first bottle of this excellent remedy which I took brought about a marked change for the better in my condition. I took two more bottles and felt that I was in reasonably good health, but in order to make assurance doubly sure I purchased and took the fourth bottle. I now believe that I am in better health than I ever was in my life, and I take the greatest pleasure in recommending Blood Wine to all persons who are suffering as I was."

Takes Away the Aches and Pains.

225 Hall Street, Fall River, Mass. "I cannot say enough in praise of your Blood Wine. I was very weak and suffered from fearful backaches after my last baby was born. I was told that Blood Wine was strengthening and I bought a bottle. It braced me up wonderfully, and I was so pleased with its results that I bought six bottles and have given it to my four children. It keeps them healthy and I consider it the finest medicine I ever had in my house."

MRS. SAM FANNING.

Rheumatism Twisted Him Out of Shape—He Suffered Agonies—But Blood Wine Cured Him.

Rochester, N. Y. Gentlemen: "I was crippled with rheumatism from September 1 until April 1, so I was unable to walk or even help myself in any way. After taking part of a bottle of Blood Wine I began to improve, and after taking two bottles, I am entirely cured. Would be pleased to have anyone call on me at any time for information."

Yours, 56 Sanford Street, E. S. LECKY.

"Blood Wine cures a larger percentage of cases than any other medicine."—J. Harmon Smith, Statistician.

If you really want to get well—you must first remove the cause of your ailment, you never can be thoroughly free from disease unless this is done. Nearly every known disease has its origin in the blood, eliminate it from your veins and you get it out of your system. That is just what "Blood Wine" does—and that is why people get permanently cured who take "Blood Wine"—while many who take something else only get temporary relief. "Blood Wine" is honestly a remarkable medicine and no one ever took it without saying so. 50 cents at

WORK OF A LANDSLIDE

Latest Details Regarding the Great Disaster at Frank.

NO EXPLOSION OCCURRED.

Slide of Mountain Over Four Thousand Feet High Slips Across Valley—Impossible to Estimate Loss of Life.

Frank, N. W. T., May 1.—The cause of the trouble at Frank was a huge slide. There was no explosion whatever. It was of such large dimensions that the cloud of dust was taken for smoke, and the minor slides coming down were taken for inside explosions. The whole east end of the mountain extending from the Tipple east has gone out. It was 4,400 feet high and slid across the entire valley, blocking the track to the French mine. This track is about forty feet higher than the Canadian Pacific railway track and is distant about three-quarters of a mile from the mine entrance.

The slide extends from a point about 200 feet east of Frank station to a point one and a half miles east. The track is covered with rock of all sizes from the size of a marble to the size of a large double deck boarding car. The Canadian Pacific railway is arranging to cut a waterway through where the river is blocked up in order to avoid danger of a flood.

The loss of life cannot be estimated yet. About ten houses in the east end of the town were destroyed and entire families wiped out.

Mr. A. Leitch, wife and four of his children were killed, and three escaped. The youngest child was thrown out of the house in some miraculous way and not injured.

There is no reason why the whole of the remaining side of the mountain will not come down, in which case there will be absolutely nothing left of the country east of Blairmore. Many small ledges of rock continue to come down from the mountain, and it is a hard matter to get men to work for fear of a second catastrophe.

Comedian Robson Dead.

New York, May 1.—Stuart Robson, the comedian, has just died in this city of heart disease. He was sixty-seven years old and had been on the stage for fifty-one years. Mr. Robson was taken ill early in March and was obliged to rest completely for two weeks. He resumed his engagement on March 19 and after playing in New York and Brooklyn appeared in various towns in the upper part of the state. A few days ago he was taken ill in Auburn, N. Y., and was then brought to this city. The interment will take place at Cohasset, Mass., tomorrow.

Hawaiian Legislature Adjourns.

Honolulu, May 1.—The regular session of the Hawaiian legislature ended at midnight. Eighty-eight acts passed by the legislature received Governor Dole's signature. The bill providing a city government for Honolulu was vetoed by the governor. The bill dividing the islands into counties was approved. Under the provisions of this act the islands are to be divided into five counties. There will be a special session of the legislature to pass the appropriation bill.

Fatal Explosion in Machine Shops.

Newark, O., May 1.—Reinhard Schneider, one of Newark's foremost manufacturers and citizens, vice president of the Newark Savings bank and former owner of the Newark and Granville Electric railway, was killed, and eight other men were injured by a boiler explosion at the Schneider machine shops.

Three Hundred Dead in Riots.

Vienna, May 1.—Private letters received here from Czernowitz say over 300 persons were killed during the recent anti-Semitic riots at Kischenew, capital of Bessarabia.

Philippine Customs Revenues.

Washington, May 1.—The bureau of insular affairs of the war department has prepared a comparative statement showing that during the month of January, 1903, the customs revenues in the Philippine archipelago were \$800,961. For the same month in 1902 they were \$700,063.

Great Mortality From Plague.

Simla, India, May 1.—According to an official statement the weekly plague mortality exceeds 30,000 persons. The infected area includes nine British provinces and fifty-one native states.

IF YOU HAVE PAIN IN YOUR BACK

Do Not Be Deceived. You have Kidney Trouble, and You Do Not Need a Physician to Tell You So.

Pain in the back is an almost infallible sign of kidney disease; a sure sign is the condition of your urine. If you have a pain in the back, then look to the condition of your urine. It is easily done. Take a glass or tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, if it is pale or discolored, stringy orropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal. Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, and it will take you but a short trial to convince yourself of its wonderful curative power.

G. F. Sumner of No. 409 Tloyn street, Syracuse, N. Y., in a recent letter says: "I was afflicted for years with severe pains in my back and kidneys. I tried many doctors and many medicines, but got no relief. I bought a bottle of Dr. David Kennedy's Favorite Remedy and it has entirely cured me."

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

Dr. David Kennedy's Cherry Balm: Best for Colds, Coughs, Consumption. 25c, 50c, \$1.00.
